Congeniality Awards

This is awarded to individuals and teams who have always shown courtesy for their opponents, their desire for fair play in this event, and who care about the spirit of the game and having fun rather than just winning and losing. They truly have the spirit of champions and we wish to honor these individuals for their strong spirit and congeniality towards other go players from around the United States and Canada.

Individual: Mark Nishimura, Palo Alto HS (CA)

Team Ward Melville HS (NY)

Individual: Meredith Leu, Mission San Jose HS (CA)

Team The Kerrs, Pasadena Central GC (CA)

Team Royal West Academy (QU)

Broken Records

We would like to congratulate **Fair Oaks Elementary School (CA)** for breaking last year’s Juniors Tournament Record for points earned over the series of the competition, by earning an average of 28.65 points per round. This smashes last year’s mark set by Cary Chinese (NC) of 24.85. Kudos to you!

We would like to congratulate **Morningstar Chinese School (CA)** for breaking the one-year old record for Rookies Cup Tournament Record for earning an average of 30.46 points per round. To attribute to this success is that all three of Morningstar’s teams finished on the podium this year. Congratulations!

Congratulations to **Mason Huaxia Chinese School (OH)** for becoming the first team in the AGHS’s four-round format to have an individual board record of (11-1)!!! This is most impressive that they have only dropped one game throughout the course of the tournament. Numerous teams have gone (10-2), but they are the only team to have achieved this feat, so many celebrations are in order.

Cary Chinese School (NC) becomes only the fourth team in AGHS history to have earned a total of twenty-five team wins throughout the history of the National Team Tournament. This year’s squad combined for nine wins to put them at an all-time record of (26-14). The only teams to have more wins are Clear Lake HS (81 wins), Stuyvesant HS (56½ wins), and Monta Vista HS (30½ wins). They are the first non-high school team to achieve this feat, and the quickest to reach 25 wins, taking only three years (2008-2010).
